I have nothing but positive things to say about Michael D. Sheehan. He helped a family member of mine with a moving violation in 2023 and again in 2024. Mike helped me get a ticket dismissed that had outrageous accusations on it resulting in something that would've gotten my license taken from me for good. I've been using Mike now for I think 15 years or more. And he has gotten every ticket I have gotten dismissed. And believe me I have had many. This last ticket I got for running a stop sign right in front of a sheriff that told me if you take this to court good luck we have you on camera and we will mail you the ticket our computers are down. I said thank you and have a nice day. I called Mike and told him my situation. He said let me see what judge this ticket is assigned to just a minute. Then he says oh good news I've been working with this judge for 25 years send me 250 and I will take care of it. Mind you this is the same price I've been paying for 15+ years the price on everything

has gone up an astronomical amount except for mikes price. So I said no problem. Then he tells me to go ahead and just throw away the ticket when you get it. I tell him ok thank you Mike. There was a delay with the court Mike reached out to me and let me know but I wasn't worried just like every other time I got the good news from Mike that like we agreed your ticket was dismissed. Have a problem paying him more than what he asked from me I don't know how he does it but he does it every single ticket I have gotten over the years he has made them disappear thanks again Mike s. Mr. Sheehan and his office got my \$600 ticket dismissed. Their fee was \$450 because my case was speeding 30 over in a construction zone (I don't believe I was going that fast and there did not seem to be any construction happening or any explicit signs saying so). I called their office and spoke to their reception/assistant and then got a call back from Mr. Sheehan himself. He explained my options and let me know that he would try to get the case dismissed all together. I had to do nothing after that except wait. They responded to my ticket and set up the court date and attended the court date about 3 months later. I had the option to go in with them but chose not to. On the day after the court date I received an email saying my case had been dismissed. (Posted on Google on 9/20/2023)

I checked out several outfits that specialize in traffic tickets. After speaking with Mike, it became obvious who I wanted to work with. You can tell he's a Black Belt in these matters, and has been for a long time. Ultimately he did all he agreed to do and more, and won the case. He was able to get one of my kids' tickets dismissed. They are under 18 and received a speeding ticket while passing a car that was driving at varying speeds. This would have been their 2nd moving violation as a minor driver's license (I forget the exact wording) and they were looking at a 6 month suspended driver's license. Mike was very friendly and straightforward when we spoke to him and explained the process to us. The hardest part was the wait for the court date. We did not need to attend, he went for us and worked his ~magic~. Hopefully we dont need his services again, but if we do, he will be the first call I make. His fee was very reasonable. Parents, if your minor is looking at a 2nd moving violation, call him. He may not be able to get everything dismissed but he is upfront about your chances and his experiences in different areas of the state courts/with state agencies (WSP vs county deputies). Thank you Mike! (Posted on Google on 7/24/2023)

Michael Sheehan is the man when it comes to beating tickets. He has handled many for me. Unfortunately I have gotten a lot of tickets over the years and other attorney will take your money and maybe just get the ticket reduced because they dont go to court and fight for you they make a call and negotiate over the phone, but Michael actually goes to court and beats them. It keeps them off your record, whereas the reduced ones are on there for your insurance to see. Not with Mike he beats them! Thanks again Mike. (Posted on Google on 7/20/2023)

Getting the legal help that we all are entitled to is only a part of the benefit of working with Mr. Sheehan. The other part is the time and hassle savings by not having to deal with the administrative side of traffic tickets. Also, just a note about the "nay-sayers" that have given just one star. There's always going to be people who don't quite understand and have totally unrealistic expectations. Speeding tickets are not fun! A while ago I got cut in the speeding trap where the limit goes from regular 60 mph to 55 and then back to 60. Mr. Sheehan responded within 30mins of my consultation and it was even after hours. He explained the process in a way that made sense to me and he delivered on exactly what he promised. Mike handled a negligent driving ticket that I got. The handling fee was far less than citation amount so I figured I had nothing to lose. He got the ticket thrown out completely. I'd definitely use him in the future! (Posted on Google on 10/15/2020)

As a college student with no knowledge of traffic tickets, I was extremely terrified when I received my first one (yes, I also received a second). My dad's coworker had recommended Michael Sheehan after my dad had talked about me, which in hindsight I am very thankful for. After an email, a phone call and payment, Mr. Sheehan reassured me he would take care of everything, which he did so smoothly. A few months later, I received my second ticket and immediately contacted Mr. Sheehan. Due to COVID, it was postponed three times! Luckily, Mr. Sheehan got the court to dismiss my ticket a few days ago and I'm a very happy driver now! I highly recommend Michael Sheehan. You won't regret it! (Posted on Google on 10/7/2020)

I've noticed that a lot of the negative reviews on here are just people who don't understand how the system works. My experience so far with Michael has been great. He's been able to get every ticket, from speeding tickets to non-moving violations, off my record. His pricing is reasonable and he will pretty much always get that ticket off your record, and sometimes even clear the ticket fine as well. (Posted on Google on 9/28/2020)

Update kinda late: The infraction for my teenager went well. He was able to get it reduced to something that wouldn't impact his future, but would make an impression on the kid, because he was in the wrong. Kind of a warning shot. It's been several years now, and he's never gotten into any kind of trouble since, is about to graduate from college, lives on his own, a responsible adult. All of this would have been impacted if the charges weren't reduced for a single, bad teenage decision. (Posted on Yelp on 3/12/2020)

Originally our court room goal was to avoid having my infraction c/o negligent driving in the 2nd degree appear on my driving record - ie., the Washington State Department of Licensing Driver's Abstract. Michael Sheehan and his law team went above and beyond the call of duty here - actually having all the related charges dismissed by the Court not only with the infraction not appearing on my driving record, but also escaping the attention of my auto insurance company. Kudos and my highest recommendation for their professionalism and performance! Dave S Mercer Island, WA (Posted on Google on 9/30/2019)

I was referred to Mike a few years ago and have used his services for several tickets, all of which have had favorable results and kept my driving record clean and my insurance premiums low. Out of 4 cases, 3 were dismissed and 1 was negotiated for a non-moving violation with the condition I do an online in-attention to driving course. The infraction that was negotiated was a speeding ticket that I felt I had no case against, so I was pleased for opportunity to keep it off my record. Michael is an absolute joy to work with. Prompt, professional, and friendly, I haven't had a single issue or disappointment with him. I've used him I believe 4 times. All but one time my tickets were outright dismissed (including a negligent 2nd degree). The one time it was not, the ticket was reduced to a non-moving violation, which Michael had informed me was the most likely scenario before he even accepted payment. In addition, he's helped my friends, and my girlfriend, and has gotten another 3 tickets that I can think of successfully dismissed for them. I won't refer anyone to another attorney. My husband had used Attorney Michael D. Sheehan in the past so when I got a speeding ticket I contacted him. The process was simple and required very little of me: send in the ticket and the retainer and he would handle everything. The case was delayed and my hearing got rescheduled for months later due to circumstances beyond his control but in the end he got the ticket dismissed so that it never appears on my record, and I didn't even have to pay court fees (which I think is pretty unusual.) He has worked on behalf of my father and I for about a decade now, and in that time he has cleared at least 7 tickets for my Dad. Each time, without failure...you pay your fee and don't even need to come to court just leave it in his hands. Though I only call him about once every 1-2 years, as soon as I say my name Michael immediately recognizes who it is and is happy to work with us again. Hardly much explanation or info needed, just send him the ticket#, drop off your payment, and you'll hear from him in a couple weeks that it was all taken care of. I am so impressed with Michael Sheehan and his office. I got a speeding ticket for 11 miles over. The officer clocked me when he was driving downhill around a bend. Every phone call or email was answered in the most speedy and efficient manner. He put all my concerns to rest and appeared in Court where my ticket was dismissed. I am so relieved. I have a teenage driver and another with a learner's permit. I was so worried about my insurance rates going up even more. His prices are so reasonable. Michael has handled about 8-10 tickets for me, I even received some of these tickets hours away in Eastern Washington and he has never had trouble getting them dismissed. This would have gone on my driving record, and honestly, without a good attorney who specializes in this sort of thing, I seriously doubt I would have been successful in fighting it. Mike went to bat for me in court and got it reduced to an acceptable fee and a non-moving violation. I highly recommend his services!!! He more than earned his fee. I am a new client of Mike's (speeding ticket in King Co), then within a couple of weeks I became a repeat client (speeding in Cowlitz Co); needless to say a bad driving stretch for me. The pain of the two tickets was mitigated to some degree because Mike was able to take care of both tickets. As such there will be no record of these moving violations and our auto insurance will not be impacted. Mike was easy to work with, gave solid and sensible council and most importantly did what he said he would do which was to get both infractions dismissed. His price was reasonable and I much preferred paying him for his services than paying either King or Cowlitz Counties whose speed traps are about fund raising and not safety on the roads. If they were genuinely concerned about safety they would spend more time focusing on distracted (cell phone using) drivers. Sorry, I digressed. Hopefully I will not need Mike's services in the near or even distant future, but if I do I will not hesitate to retain him again. (Posted on Yelp on 10/10/2016)

Absolutely EXCEPTIONAL. I've been a client with Mr. Sheehan for the better part of the last decade. He's handled half a dozen cases for me and has always done an amazing job. He's a professional and prompt and will admit when he's over his head. Which I appreciate in a professional. With every single case, mostly speeding, he's handled for me they have either been dismissed or moved to a minor infraction. I've learned things from him and his team's expertise that I would never have guessed. Most recently I had an infraction served to me in a small county in eastern Washington and he did not hesitate to inform me he did not have as much clout there as he did here, and as he would be happy to attempt the dispute for me, but he also referred me to a colleague who could do better. I decided to venture out and hire some one new for the sake of price and made a huge a mistake I'll never make again. I am surprised every time he is honest with me in saying I don't need him in certain cases and just do so and so. He's always taken care of me and I've sent every single one of my friends and family to him

I was referred to Mike by a friend who has used his services for years. She said he'd never failed her. So far he's helped me and 3 family members get a total of 6 tickets completely dismissed, and is midway through one more, a big one involving a teenaged driver. These have been in different counties and once on the Bangor Naval base. (not sure if that makes it tougher, but I'd imagine..) the fees get bigger as the infraction does, but that's to be expected. I've only had the failed communication issue once, and eventually he did get back to me after several attempts on my part. The other multiple times he was right on it. I can forgive one slow callback when there have been so many other fast replies. Email seems to be a really good way to communicate with him. Thank you Mr. Sheehan for a quick and worry free dismissal of our ticket! My fiancé was pulled over in Lynnwood for speeding and he originally planned on fighting the ticket by himself. After speaking with family and friends, a few recommended we hire a traffic lawyer. We found Michael Sheehan while researching on Google and decided to hire him after seeing the great reviews. It was over before we knew it. We asked the court for a contested hearing, because we ran out of time to send it straight to the law office, and forwarded the information to Mr. Sheehan. We were notified of the court date and just a couple weeks later we received our letter from him that our case had been dismissed. Now we don't have to deal with the stress of going to court or the added insurance costs of just paying the fine. We will never be paying a ticket without getting in touch with Mr. Sheehan again! Michael Sheehan's track record of working cases for me is spectacular. There is no other attorney that I would want representing me on matters that he deals with. His pricing is amazingly fair. Once you've handed the issue over to him you can relax knowing that he'll take care of the rest. Be patient though as he'll likely postpone the court date multiple times. I didn't know which one to call so I asked my son-in-law (who is a criminal lawyer in Bellevue). He said that Michael was, hands down, the best ticket guy in the state. Apparently, he sent clients to a few traffic ticket lawyers, but now only refers to Michael. I was pulled over for going 30 over driving to our family's home in Chelan. Everyone told me that I couldn't have picked a worse place to get a speeding ticket. Just a few weeks ago, I received an e-mail from Michael and a letter from his office telling me that my case was completely thrown out. Very first ticket of my wife. 28 in a 20 zone. It was her first time driving by that route and she didn't know there is a trap there. I consulted several lawyers, including some very famous, most recommended ones. Some of them have even higher scores than Mike. But none of them gave me the trustworthy feeling. They are either not willing to even talk to me or laying down the worst scenario after reviewing the case just to set my expectations low. Only Mike really spent time to read my police report and told me he feels good about this case and thinks he can get it dismissed. And the result is exactly what he told me. Ticket dismissed. The whole process is very comforting and easy. (Posted on AVVO on 8/8/2012)

We hired Mr. Sheehan when our 17 year old son received his second ticket in less than 6 months. The first ticket we had deferred so we were very concerned about our insurance rates. Mr. Sheehan went to the court date, our son did not have to be present. Two days after the court date we were thrilled to receive a letter in the mail telling us that the ticket had been dismissed and would not show up on his record! I highly recommend Mr. Sheehan! I could not be more happy with Mr. Sheehan than I am... First, I started off our relationship by accidently sending him a bad check. He called me himself and very kindly let me know what happened. He was so nice about it and allowed me to send a check out to him and correct the error. I felt horrible and sent a valid check that same day. From there, he represented me in a traffic ticket where I was accused of speeding 80 in a 60. I just bought a new sports car and it would have been really bad on my record and I was really concerned. The result was he got the ticket completely dismissed. Dismissed! I am so pleased with his services, the result and working with Mr. Sheehan overall. I HIGHLY recommend Mr. Sheehan to anyone. Thank you so much! Kimberly D. (Posted on AVVO on 3/9/2012)

A multiple violation citation, 150 miles from my home, not a good situation. To make matters worse, I flubbed a timely response to the court. Michael was referred to me by some business associates. We talked on the phone, he explained how he would proceed and his expected outcome. And that is exactly how it went. I did not have to appear in court, all violations were dismissed, confirmation documents received in the mail. Michael is the real deal in his field. A great comfort to have him in my corner. Mr. Sheehan must be the best at what he does, because he just got a giant size speeding infraction completely dropped from my record. I was referred to Mr. Sheehan for a traffic infraction that I received from a Washington State patrolman. The ticket was completely bogus and untrue, but I felt with the way our judicial system works, I wouldn't have a chance at having the judge even hear my side of the actual events. Mr. Sheehan assured me he would take care of my ticket. I was extremely skeptical. Not because of Mr. Sheehan's abilities, but because of my lack in faith of "the system". Mike reassured me that he would handle my tickets and do his best to get them dismissed. As I got 1 ticket during my first 6 months of my license, any other ticket would result in a suspension of my driver's license till 18. In addition, tickets on record, insurance rate going up, etc. I got one ticket for speeding 9 mph over & one for violating teen's driving restrictions. The next thing I knew, my tickets were dismissed within 2 months from the day I got my tickets. I was referred by my dad's friend, and I will DEFINITELY refer Mike to anyone I know that needs it. I'm currently employing Mr. Sheehan's firm to contest a traffic ticket. I've called his office a couple of times and always gotten answers to my questions right away. Everyone there comes across as brisk and efficient. I attended my hearing to observe (though I wasn't required to) and the attorney from Mr. Sheehan's firm took me aside to explain my options. There was a minor technical error with my ticket but he didn't feel good about the odds of winning on that basis. He wasn't familiar with the judge presiding (she was pro tem) so he spoke to some other attorneys in the courtroom who were familiar with her and they confirmed his feeling. He also conferred with Mr. Sheehan on the phone. After speaking with me again, he had the ticket set aside for another date when hopefully the situation will be more favorable. I strongly believe in personal feedback when someone goes above and beyond the call of service. Michael Sheehan is one such person, indeed. My story: I was traveling with the flow of traffic northbound on I-5. My small car was behind a sizable SUV and the last vehicle in a rather large group of cars, when I was pulled over by a WSP Motorcycle officer. I waited several minutes for the officer to approach my car while he returned back to the vehicle he had previously pulled over. I had no idea why I was being pulled over, nor was it up for discussion. As well, I did not recognize the speeding ticket the officer handed me (I hadn't received one in nearly thirty-five years). While it was not relevant to my case, I did believe this was the safest traveling speed, and position, for me to travel in as I was returning home from a lengthy chemo therapy appointment for breast cancer. After telling my family the circumstances surrounding this ticket, Michael Sheehan's name was given to me. Within the first minutes of our phone conversation,

Michael did an excellent job at taking care of three tickets written by the same WSP, they were proof of insurance, seat belt and a failure to stop for emergency vehicle. There was no reason for this WSP to even stop us, he didn't even tell me why he stopped us in the first place. This officer was out to make some money and I had just changed insurance companies and didn't have my insurance card on me. That's easy to take care of but the "not wearing a seatbelt" was going to be difficult, and then the officer was really angry at me and reprimanding me for not stopping for him immediately. I had stated that I was looking for a safe place to pull over on hwy 2 and didn't see him for a while, my dog was sick, we were taking him to the vet. He got mad for supposedly arguing with him and wrote me a huge ticket of \$1065. for a "failure to

yield to emergency vehicle". These 3 bogus tickets would of cost us a lot of money and our insurance would of been canceled. We are in our 50's, responsible and have jobs and insurance. This WSP officer was very rude to us, we felt like he was going to drag us out of our car and go through it for drugs, or something. But we hired Mike Sheehan and he did an incredible job of getting these tickets dismissed and not showing up on our record or insurance so he gets our big thumbs up and we highly recommend him. Also Don was stopped for a speeding ticket several years ago and Mike took care of that ticket as well. So Mike Sheehan does an incredible job. (Posted on AVVO on 2/8/2010)

As an enthusiast of good roads (of which there are plenty in the PNW) I find on occasion the need for an attorney. Until I started utilizing Mr. Sheehan my results were mixed at best. I can say that each time Mr. Sheehan has utilized his skill and knowledge on my behalf, my cases were won/dismissed. I am of the opinion, after he has

Mr. Sheehan is very easy to deal with. He is cordial, to the point and does just what He says he'll do. In my case He was able to completely dispatch with a 'speeding while in a school zone' ticket that would have quite possibly have made our insurance rates soar & made my husband and I have to seek separate insurance companies. I would and will refer anyone with citation situation{s} to Mike and do so knowing that they too will be very satisfied with the results of his efforts and experience. I extend my gratitude to the friends who referred me and of course to Mike for yet another job, well done. Do not hesitate to call on Mr. Michael D. Sheehan. (Posted on AVVO on 10/31/2009)

I sent Michael a copy of a speed ticket I got and asked him to represent me to clear that. I did not even have to make a phone call. I just received a letter indicating that the court dismissed the infraction, my driving record is clear and my insurance company will never know that the infraction was issued in the first place! I knew from the start that this was going to be the result because working with Michael equals peace of mind! (Posted on AVVO on 10/22/2009)

Our 16 year old son received 3 infractions all on one ticket. Michael was referred to us by a friend and we are delighted with the outcome.....all dismissed. He was very clear about his expectation.....that they would be dismissed, he was very polite, informative, responsive and efficient. Also his rates are very reasonable. My husband then got a speeding ticket, we called Michael and it was dismissed.....best outcome. We will definitely use Michael again and have referred him to all our friends. Michael represented us in court so we didn't have to go (we live out of town). He kept in touch with us and then sent a letter letting us know that the charges were dismissed!! So neither will appear on my son's driving record and our insurance, which is high enough, won't go up either!! I would definitely recommend Michael to anyone who needs an attorney. He is AWESOME!!!! Michael defended our daughter in court and was able to get the infraction dismissed. This could have raised our insurance, especially with a teenage daughter on our policy. Michael was professional and timely in his help and always returned our calls when we had concerns. Nothing personal, but I hope we never have to deal with Michael again. But, if a situation does come up, I wouldn't think of calling anybody else. (Posted on AVVO on 8/11/2009)

I'm an attorney myself. I don't handle speeding tickets, so when I got one that needed to be contested, I am glad I was referred to Michael. I was impressed with his confidence building knowledge and customer service, and thankful for the great result (a dismissal). Thanks, Mike. (Posted on AVVO on 8/4/2009)

Michael successfully defended my son in court for a speeding ticket and had the ticket dismissed right away. He was professional, responsive and kept us updated at all times. He also handled the case immediately instead of waiting for the scheduled hearing which was two months away. We didn't have to worry about it anymore and it is nice to have the peace of mind instead of waiting months for the final outcome. Michael has relationships with the traffic court judges in the area which is very valuable. This makes a big difference when having him represent you in court. I am strongly recommending Michael and encourage anyone in the state of Washington to work with him for the best possible results to have your infraction dismissed or reduced substantially with minimal impact to you, your family member or friend. I will never work with anyone else, he is my lawyer for life. You can contact me at [phone number removed] if you have any questions or require any further information. Mike took handled the defense for three traffic violations my two teen-age sons received. One was dismissed outright, one was negotiated to a reduced violation that did not impact insurance or points, and one was negotiated to a less severe penalty. I highly recommend Mike. After initial evaluation of the speeding case, Michael's representation was fairly straightforward. The moment he decides to take the case, he is following his own established legal "process" that you basically have to follow and (hopefully) enjoy the ride, which was luckily the case in my situation. The mentally hardest part of that process is that you have to await the court's decision to be mailed by Mike's office, which can take an extra 2-3 days and that increases the overall suspense as to what the final outcome is going to be... Wish he was on some earlier cases that I had... (Posted on AVVO on 6/3/2009)

I had been hearing about Mike's work and success from a few different co-workers who had used him for about a year and a half before I got my speeding ticket. 2 days after getting the ticket I gave Mike a call. He responded to my voicemail the next day, asked me a few questions and told me with complete confidence that I would not have to worry about it once the ticket and check were in the mail to his office. And he was right. a little over 2 months later, I get a letter in the mail saying the ticket was dismissed! I will definitely be referring people to Mike, though hopefully I won't have to use him again! (Posted on AVVO on 4/27/2009)

Michael helped me to get rid of 2 tickets in 1 hearing. He went with the judge he knew rather than going to the assigned judge, and the continuation of the hearing was an important defense element. At the hearing he managed to dismiss both tickets without my participation at the hearing. (Posted on AVVO on 4/25/2009)

Mr. Sheehan is the best thing that ever happened to me with my driving record. Right after turning 17 or 18 years old I got a negligent driving ticket going to my school. Mr. Sheehan was able to get it dismissed immediately. Next it was speeding ticket after speeding ticket. All gone. He never required my presence and always let me know how things went. Mr. Sheehan is the best lawyer because he isn't like the normal lawyer and tells you the truth while talking with him. Even now I am 21 and still calling him for small things here and there. First of all, I want to say Thank you Mr. Sheehan. I had been in an accident and had received an infraction for it, since this is my livelihood, I needed to, if at all possible get it off my record. Mr. Sheehan was recommended to me by my brother (he had helped him successfully deal with numerous speeding incidents). Fast forward, he got it completely dismissed. Then I received a speeding ticket for 5 mph over, and once again he was able to get it dismissed. I have the utmost confidence in Mr. Sheehan, and would gladly recommend him to anyone with traffic related issues. Thanks again. (Posted on AVVO on 2/4/2009)

Michael Sheehan is amazing. He has a 'can do' , great, and happy attitude, and definitely takes care of business with great aplomb. He calmly lets you know afterwards that it is all handled. Michael has helped me twice, I'm sorry/happy to say. The first time, was an out of town court that mixed up my court date among other things, and Michael had to make more than one trip there, and it probably took most of his day! Which he did with no complaining, or charging me more money. I am STILL so grateful. I keep his cards with me for anyone who might need one. Sometimes those speed traps are just hard to avoid, and can ruin an overall good driving record. Do not hesitate to call on Michael for help with a traffic ticket, if this is something that is not your habit. I think it is scary to be pulled over, and hate those notices in the mail. Michael put my mind at ease, and has helped me keep my driving record perfect. Thanks so much to Michael Sheehan !!! (Posted on AVVO on 1/16/2009)

Mike Sheehan has handled traffic tickets for myself and my family. In each instance, he has either gotten the ticket dismissed or negotiated a result that kept the ticket off of our insurance record. Have worked with Michael personally and recommended to friends/family. He has been the victor for every case of mine and hasn't lost one yet for anybody that I recommended him to. Even if the case is too far away for him to represent, he has a good network of attorneys that can represent you with the same level of expertise. My only worry of giving such a high review is that he may have an increase of clients and not have time for my cases any more! (Posted on AVVO on 6/5/2007)
